Dear, Mr. Weisberg

After reading your truly amazing books, Whitewash, Whitewash II and Oswald in New Orleans, I've tried with no success to obtain Whitewash III. I'd truly appreciate any information on obtaining Whitewash III.

I must admit before reading any books on the subject Ruby shooting Oswald was enough to make one wonder, that prompted me to read ten books on the subject. I do whole heatly agree with you that the Warren Comission did not do there job. The only thing it did accomplish was to insult the intelligence of the american people with such trash. As I mentioned in the earlier part of this letter pertaining to Whitewash III I've tried Book stores Department stores etc. You would really be amazed how diffecult it is to obtain any of these books. If you decide to mail me Whitewash III I will send payment immediately.

Yours Truly
Mrs H Degen
